LIVING MUSEUMS

Visit us

"LIVING MUSEUMS - MUSEOS VIVOS" is an innovative cooperation project, launched in 2018 (European Year of Cultural Heritage and taking advantage of the momentum of the European Action called **Smart Villages**) by six Rural Development Associations of Castilla and León (Spain), to which eleven other Rural Development Associations have joined, to value **ethnographic museums, nature interpretation centers and cultural spaces in rural areas**, incorporating new technologies in their opening systems. and audioguided. This system allows you to visit the centers 365 days a year.

How can I visit it?

Enter our website www.livingmuseums.eu click on the link museums and territories and choose the museum or center you want to visit.

Once you have chosen the center to visit, enter **reservations** and register with the data indicated in the form. Once your registration has been validated, you will receive in your email the acceptance of the reservation and an access code that you will have to dial on the digital access keypad located at the door of the museum.

This inter-territorial cooperation project is being promoted by the sixteen Rural Development Associations of **Castilla y León plus the Czech Republic**, adhered to the platform, Living Museums. + INFO www.livingmuseums.eu
